Sapphire Arabians, LLC, Welcomes Horses and Families!!

Welcome to Sapphire Arabians, LLC, located in Griffin, Georgia! We are excited to share our passion and love for horses with you. We invite you to visit our farm, Salah Farms, to see for yourself the magic and peacefulness of the property. The word Salah is often used in the Aramaic and Hebrew languages meaning to stop, rest or pause, and to worship or give praise with thankfulness. My husband Mike and I thought long and hard about the name we would use for our farm. The previous owner, Lynette, is a beautiful soul and you will see the beauty she created here once you visit. The first time we looked at this property for purchase, I felt immediate beauty and peace surrounding me. I knew this was the property for our breeding program and all the beautiful Arabian horses we would share life with and that this was a very, very special property. We have not stopped being thankful and we continue to push the pause button so we can relax and enjoy the peacefulness away from all our busy living. Salah indeed!!

You may ask, "Why Sapphire Arabians as your breeding program name"? Well for one I am a September baby! Secondly, I love sapphire jewelry!! A dear friend named Victoria Hightower started me on this journey with her special words of wisdom always speaking right into my heart. She is a wise woman and has given me precious jewels that I pass on to others. Because of her friendship and influence, I wanted to use Sapphire Arabians as she is a reminder of a few of my favorite things!! The word Sapphire has several meanings. One that I love is water bearer or Aquarius. We drilled a well for supply to water each of the paddocks and hit an Artesian well that shot up 4 feet high. What a beautiful wonder to have a water source for these horses right here on the property! The Arabian horses are of royalty and the blue sapphire was worn and used in royalty ages ago. These my friends are a few of my reasons and favorite things so you get the idea.

We look forward to meeting you and your extended family members as we all celebrate our love for the horses. We hope you will not only train or board here but enjoy visiting and being a part of all we endeavor to do. With only 50 acres our farm will be small and very intimate. Our mission is to love your horse as our own and to take the best of care in your confidence and trust.

With warm regards,

Michelle Pinell
Owner
